Join a Peer Group for Women Business Owners

APPLY NOW FOR MENTORING, WINTER/SPRING 2022

As a business owner, you know it's a challenge to stay on top of everything and keep balance in your life. Peer Groups offer feedback and fresh perspectives on your business opportunities and challenges, using a solution-based approach. Starting Winter 2022, WeBC is offering exclusive Peer Groups for women as part of the Unity Women Entrepreneurs Program!

Our mentoring programs connect you with an experienced entrepreneur who has been there, gets the grind and shares their knowledge so you don't have to learn the hard way. With a fresh perspective, you'll gain the clarity to focus on what really matters, and feel more confident making decisions for the future.

“Smart, dynamic, uplifting. An avalanche of support and focused mentoring led by our mentor—one of the best in the business. I left with clarity, energy and increased vision—buoyed by a team of generous entrepreneurial women.” – Past Peer Group Participant

About our peer groups

Facilitated by an experienced WeBC Business Advisor, each session provides the opportunity to connect with other women entrepreneurs to support and encourage one another to stay motivated, and boost your business skills on topics that you can apply to your business.

In this structured program, you learn from the experience of your mentor, while benefiting from the diverse viewpoints of the other group members, each with different strengths.

This program is offered free to Vancity Unity loan clients, as part of your WeBC Wrap-Around Support!

Program details

When: 9 Virtual Sessions | 2 groups to choose from:

- Group A, Tuesdays | January 18, 25; February 8, 15, 22; March 1, 8, 15

MENTEE SPOTLIGHT

Kate Pierre, Kate&Frances, Vancouver

Driven by a desire for comfortable, functional clothing, Kate Pierre founded Kate&Frances, a sustainable fashion label, in 2017.

Kate is dedicated to growing her business despite the constantly changing environment, so she joined a WeBC Peer Mentoring Group to learn from other business owners. Since working with the group, Kate feels more confident making decisions that align with her values.

“Connecting with other business owners and entrepreneurs is so important as a lot of times we feel isolated, especially as solopreneurs. It can also be overwhelming, the amount of items on our to-do lists, so it was good to know that I wasn’t alone!”
