

# Supporting women entrepreneurs in BC

WeBC is a not-for-profit organization that has supported women business owners across BC for nearly three decades. We provide sustained support that you can access at every step in your business journey. Our holistic approach means we get to know the woman behind the business so we can connect you with the right networks, capital and resources to help your small business grow and thrive.

## Business loans to help you start, buy and grow your business

Since we approve loans based on the viability of your business plan, you may qualify with us even if you haven't with other lenders. Offering free wrap-around supports, including advisory services, mentoring and training, we're long-term partners in your success.

## Convenient, affordable training to boost your business skills

With our skills development programs, you gain practical skills you can implement immediately. We focus on the essential topics that you need to run a successful business, from marketing to operations, cash flow management and more!

## Peer support systems and mentorship that support and inspire you

Connect with an experienced entrepreneur who has been there, gets the grind and shares her knowledge so you don't have to learn the hard way. With a fresh perspective, you'll gain the clarity to focus on what really matters, and feel more confident making decisions.

## Expert advice when you need it

Whether it's an answer to a specific question or to help illuminate a path in the right direction, our business advisors are here to help and guide you. We recognize that every path is different, ensure we meet you where you are, and help you to navigate next steps.
